--	--

Irving Bowhunters Association, a Not for Profit Corporation, started in 1961 to promote the sport of archery including; Field, Target and 3D. If the IBA needs to relocate its range, my membership will be expanded to include any time the range was not available. As a member of IBA, I will support the policies of this Club. These policies include exhibiting good sportsmanship on the range, and using safe archery practices and having no alcoholic beverages on IBA property.
